Our school-based commemoration will be held on 8 August Friday, and the activities planned will bring to students a sense of the historical importance and solemnity of National Day. To make our National Day commemoration more meaningful, we will also be having our Student Leadership Handover Ceremony in conjunction with National Day. All students are encouraged to report to school in a red t-shirt with school pants/skirt. Students will be dismissed at 10.30am.

Wellness Fortnight – 25 August Monday to 4 September Thursday (Week 9 to 10)

30 Our CARE ambassadors will be organising activities for students to de-stress and highlight ways to take care of themselves, both offline and online. There will be booths set up for students to learn more about Mental Wellness, Cyber Wellness, and health and diseases due to poor lifestyle choices such as obesity and diabetes. The school has also arranged for a special cyber wellness assembly program to channel our students' motivation for gaming into healthy habits in the real world. Cultivating Self-Responsibility for Personal Belongings in All Students

34 The school's General Office regularly handles students' queries about their misplaced items such as water bottles, sports gear, handphones and wallets. Occasionally students come to us indignant that money had gone missing from a wallet they had left unattended. We seek parents'/guardians' support to remind their child/ward that they should carry their valuables (e.g. wallets, handphones) with them at all times. For PE and CCA training, special provisions are made to safekeep students' valuables. Where there is a loss of personal valuables, students should report the loss as soon as it is discovered and if theft is suspected, the matter will be thoroughly investigated.

35 As time (away from teaching and learning) is needed by teachers to scan CCTV footages, question witnesses and cross-check students' statements for investigations, there are costs that come with shifting personal responsibility to the school. When students have misplaced or left their items unattended, they will be reminded of the risks and consequences of doing so and that responsibility for their valuables rests with them. We seek parents'/ guardians' support to remind their child/ward to proactively safekeep their possessions and be accountable for them so that there is a safe and conducive learning environment in school for all.

School Safety Matters: Drop-off at School

36 The school requires all students who are driven to school to drop off outside the school at the designated area (towards Gate C along Ang Mo Kio St 42, near the school canteen, away from the main gate) in fair weather. Parents' cooperation in complying with our Security Officers' instructions in this matter will go a long way to minimise the risk posed by vehicles to students and staff within and near the school premises.

37 We look forward to your continued support and partnership.

With Warm Regards
